Rhonda T. Harrill

Assistant Principal

Sandra W. Hopkins

To Whom It May Concern:

It is with the greatest of pleasure that I write this letter of recommendation for Mr. John Davis. I have known Mr. Davis for approximately four years wherein he was the Technology teacher at West Lincoln High School. I had the pleasure and responsibility of observing and evaluating his teaching performance.

Mr. Davis is one of the finest teachers that I have ever observed. His love of teaching is obvious and more importantly, his love of students, individually, and, group wise, is evident on a daily basis. He has always been resourceful, creative and keeps students on task to achieve the highest success. He is flexible when students need extra help and seeking the best way to learn material.

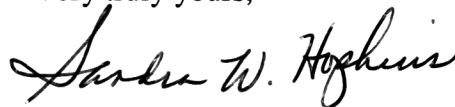

Mr. Davis is multi-talented. He is knowledgeable in many areas. I have observed his unique abilities such as carpentry, electrical functions and any need in the construction field. He is an excellent supervisor over others in whatever he is pursuing. He is patient and works very well with colleagues. Amazingly, he is also proficient in auto mechanics wherein he has given advice and fixed cars, engines and other parts that need his expertise.

Above all else, John is a good person who cares about others and goes beyond the call of duty to make sure problems are resolved and handled with sincerity and forethought.

I am proud to know Mr. Davis and can attest that he would be a valuable asset to any position he might pursue. He is a man of high integrity and moral standard, as well as, one that can be trusted. He is an excellent father who has strong family ties.

Should you need further comment or information, I will be happy to talk with you at your convenience.

Very truly yours,

Sandra W. Hopkins
